**Kitchen remodeling:** Kitchen Tune-Up, a national kitchen remodeling company known for five service options to update kitchens and cabinetry, has opened in Beachwood. The business works to meet the growing demand from homeowners seeking to update and upgrade the look of their kitchens.

Beachwood residents David and Liz Conn have launched Kitchen Tune-Up's local operations along with the support of the company's home office, located in Aberdeen, S.D. The award-winning company has established itself as an industry leader, with more than 32 years of success behind it.

“Liz and I are incredibly excited to run our own business,” David Conn said in a news release. “I want to show my neighbors that making a change in their kitchen can be fun and easy. They’ll enjoy the experience every step of the way and will start dreaming of their next home improvement project the minute we finish.” David’s experience as a business executive, coupled with Liz’s experience in administration, have given the pair the foundation to launch and grow Kitchen Tune-Up locally.

In addition to residential clients, Beachwood’s Kitchen Tune-Up offers kitchen remodeling for commercial customers. Services for both client bases include the company’s Tune-Up, a proprietary wood-reconditioning process, as well as cabinet re-dooring, cabinet painting, cabinet refacing and custom cabinets. The Kitchen Tune-Up sales process guides homeowners through the entire project.

Maybe the best part is that, while most kitchen remodeling services can take weeks, leaving kitchens inaccessible, Beachwood’s Kitchen Tune-Up can finish its work in as little time as one day. Kitchen Tune-Up’s customer service standards, known as its Trustpoints, ensure a hassle-free experience from start to finish.

To contact David and Liz at Kitchen Tune-Up, call 216-446-9630 or send an email to [dconn@kitchentuneup.com](mailto:dconn@kitchentuneup.com). You can also visit their website [here](#).
