

Great Things Are Happening in Barkley Village, Even Amidst COVID-19

What a challenging time we are navigating. The village is relatively quiet with just a few essential people and businesses open. Mr. Rogers tells us, in times like these, to look for the helpers. We have seen so many helpers, so many acts of generosity and kindness. It is these stories that give us hope and a sense of continued community... even six feet apart. We have gathered a few of those stories from around the village. Read on for your daily dose of hope and community. Starting with our very own Vitality Bowls spreading cheer and nourishment for those on the front lines...

Vitality Bowls Feeds Front Liners, Spreading Hope and Nourishment One Smoothie at a Time

There are so many folks on the front lines right now, doctors, nurses, grocery store clerks, first responders. They are working to keep us safe and healthy. [Vitality Bowls](#) has spent the better part of two weeks supporting them by keeping them fed and healthy in return. For every smoothie purchased or donated Vitality Bowls has matched it. They have delivered hundreds of smoothies to night and day shift ER staff at St. Joe's, Bellingham Police Department, Haggen Grocery employees, the Lighthouse Mission staff, the fire department, and more. If you would like to donate a smoothie or feel a hankering for one yourself, call in your order and swing by for curbside pickup. Turns out we don't have to look far when we are looking for the helpers.
